Fig. 1.06

This isometric drawing shows a rectangular block with a notch on its top surface. The notch is cut into the front and right sides. A smaller cube is placed on top of the right side of the block. To the left of the drawing are several L-shaped corner markers for alignment.

Fig. 1.08

This isometric drawing shows a rectangular block with a semi-circular arch on its top surface. The arch is supported by a vertical wall on the left side. A circular hole is cut through the center of the block's top surface. To the left of the drawing are several L-shaped corner markers for alignment.
